

# SiPass integrated

Software Order Form for 2.76 only

V23

# General Information

Please note that this form should always be accompanied by a valid SAP purchase order which includes all the necessary information to create your license and the details will be deemed to be the correct master information. For references of all available SiPass integrated part numbers and descriptions, please see the following pages of this document. When you have completed the information below please save Page 3 of this PDF as a new document with the Site Name and Purchase order number in the title i.e. Test Lab POXXXXXXXXXX.pdf.

Please note that the Active Directory module provided by Siveillance Identity has now been added for your ordering convenience. Siveillance Identity modules uses the Siemens License Management System (LMS) and follows the Siveillance Software Maintenance Program so please be aware that when ordering these parts, you will receive a standard SiPass integrated license and then will need to follow the LMS process to complete the licensing.
